North Miami Beach, FL 33162-3102

Dear, Mr. Garrison,

We appreciate you taking time out of your schedule to be a guest lecturer in our *Clinical Lecture Series* at St. Petersburg College of Orthotics and Prosthetics. We really appreciate your commitment to the field and promotion of professional education with our students. Your participation contributed to our program's mission to provide our students with unsurpassed education in orthotics and prosthetics.

Students reacted very positively to your lecture. It pulled together several threads we had explored in previous lectures and showcased real life scenarios that cannot be found in the text book. So once again, we say "Thank You" for giving back to the profession!

St. Petersburg College of Orthotics and Prosthetics is always looking for new guest lecturers and topics. If you are interested in or know of any other professional who would be interested in being a guest lecturer, please contact our office.

Sincerely,

Arlene Gillis, LPO  
Director of Clinical Education
